

2021 ANSO Board of Directors Elections Nominee

National President

Captain Roy Love, U. S. Navy

I am completely dedicated to ANSO and the ideals and goals of the organization. If selected to be President, I will endeavor to make ANSO a much stronger and better organization than it already is, by dedicating the time and effort required to lead our wonderful team. As President of the DC chapter, together with our team, we have brought quality events and experiences to all ANSO members. My Goal is to expand on our Chapter's success and make the entire organization the place for all Latino and Hispanic Coast Guard, Navy, and Marine Corps personnel to come and be part of a great family within our respective service communities.
